

GeminiCap Deposit and Withdrawal Process

note : the customers have to successfully open the accounts and possess MT4 trading accounts.

Deposit Process :

1. Click <https://www.geminicap.com> to enter the official website of GeminiCap , and click “Log in “on the upper right.
2. Fill in the information (for account and password, please check the mail received after successfully opening the account).
3. After logging in to the personal backend interface, select “Deposit “under the title of “Deposit” the left bar.
4. Select a kind of currency (take THB for example) and click to enter the following interface. Fill in the MT4 trading account and the amount of deposit(the system would automatically transfer USD to the same price of THB).
5. Check the deposit information again and click “PAYMENT”.
6. Complete payment in the next page.

Withdrawal Process :

1. Click <https://www.geminicap.com> to enter the official website of GeminiCap , and click “Log in “on the upper right.
2. Fill in the information (for account and password, please check the mail received after successfully opening the account).

3. After logging in to the personal backend interface, select “Deposit “under the title of “Deposit” the left bar. Fill in the information. Check and click “SUBMIT”.
